

SAN FRANCISCO 49ERS ACADEMY

ArightCo services optimized back-end activity - lowering costs, increasing efficiency, and allowing time to be spent on core business operations.

AT A GLANCE

Challenges

- No in-house accountant
- In-house accounting/financial services too expensive
- Prior back-end service provider lacked support
- Not enough time to focus on core business.

Benefits

- Zero infrastructure cost
- Constant support with one point of contact
- Team of skilled professionals handling accounting and financial work

"We were working with another finance company that wasn't as involved with us... (any) changes we wanted to make would go over our heads because they were technical and didn't have the time to sit down with us. With ArightCo, that experience has been completely different."

Tahisha Victor | Executive Director
- San Francisco 49ers Academy

BUSINESS OVERVIEW

The San Francisco 49ers Academy opened in 1996 as an alternative program to provide a small, caring, and safe community to the students of East Palo Alto. In partnership with the Ravenswood City School District and the San Francisco 49ers Foundation, the goal was to keep students safe, on track, and in school. In the years since, the Academy has impacted the lives of hundreds of students and staff has accumulated over 100 combined years of experience directly serving the students of East Palo Alto. This longevity is a testament to the dedication, commitment, and perseverance of all that are part of the 49ers Academy Family.

CHALLENGE

The San Francisco 49ers Academy does not employ an in-house accountant, and prior to partnering with ArightCo were working with a different accounting service provider. 49ers Academy felt that this service provider was not engaged with the business and their communication process was both too technical and lacking in support.

THE SEARCH

The San Francisco 49ers Academy concluded that they did not want to take on the financial strain of employing an in-house accounting team and that their current service provider was not meeting their needs.

The San Francisco 49ers Academy found ArightCo through a professional recommendation and a partnership was formed in January of 2021.

SOLUTION BENEFITS

Cost Savings

49ers Academy takes advantage of a team of professionals to manage their accounting, finance, and payroll services at zero infrastructure cost-saving 30-50% on the average cost of hiring an in-house accounting or finance professional. These savings come from the ability to avoid the drawbacks of hiring an in-house employee (ie. onboarding, benefits packages, bonus structure, PTO, churn, etc) resulting in greatly reduced overhead.

Support

ArightCo and 49ers Academy have an open line of communication, allowing 49ers Academy to raise any questions or concerns with their dedicated ArightCo client partners. This results in increased efficiency as ArightCo services have afforded 49ers Academy with the capacity to handle all queries attentively. The multi-layered resource structure gives the organization both a junior-level and senior-level point of contact with expert knowledge in the non-profit sector, providing 49ers Academy with a multitude of resources, as well as offering business development support.

Streamlined Processes

As a small non-profit, 49ers Academy is inexperienced in the processes and procedures of non-profit compliance, accounting, and finances. The partnership with ArightCo removes the stress of having to manage a complicated back-office, providing reliable and efficient solutions to meet the organization's needs.
